John R. Rohde, Ph.D., P.E.
Safety Trailers, Inc.
2340 Poma Lane
Steamboat Springs, CO 80487

Dear Mr. Rohde:

The Texas Department of Transportation (TxDOT) Traffic Operations Division (TRF) has reviewed the federal letter of acceptance (HAS-10/CC-90 and 90A) for your company's Trailer Truck Mounted Attenuator (TTMA-100). The manufacturer and the Federal Highway Administration indicate the device meets the crashworthiness requirements of NCHRP 350.

If applied in accordance to manufacturer's directions TxDOT-TRF approves the use of this traffic control device.

The TTMA-100 will be included in the next TxDOT-TRF "Compliant Work Zone Traffic Control Device List".

This letter shall not be considered a product endorsement. If you have any questions, please call Michael Chacon at (512) 416-3120 or me at (512) 416-3200.

Sincerely,

Carlos A. Lopez, P.E., Director
Traffic Operations Division
